Byline Alice Areilly—What a beautiful day it turned out to be - if you remember back to May, it was cold and rainy,

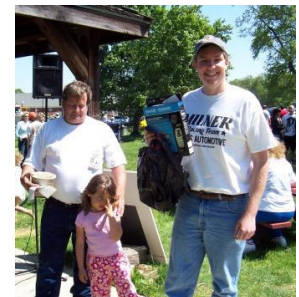

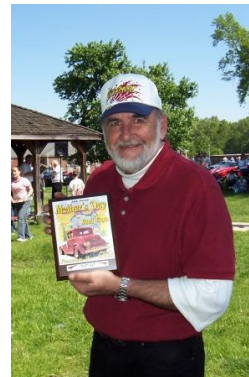

bought a 1970 red Vette & was the only one of 'us' that won a show prize (see picture). He had heard about us from the Web site & said he almost joined us for breakfast. Lee won a Sirius Radio as a door prize (see picture).

Alice

but Mother's Day dawned bright & sunny. We were scheduled to meet at the IHOP in Manchester Lakes (Kingstowne). We had forgotten that it was Mother's Day for IHOP, until my neighbor reminded me as we were cleaning The Rose on Saturday, so Jack & I got to IHOP early - luckily! By the time we had a table full, they called our name. Dick Hammaker joined us for breakfast, along with car showers Lee Edgar, Dan K., and Jerry Myers. After we bid farewell to Dick, the 4 remaining Vettes cruised to the Coast Guard station. Admission included a nice Budweiser cooler & BBQ & hot dogs for lunch. We had a lovely parking spot in partial sun. Joyce Corbin stopped by, but left her car in the spectator area. We also met several prospective new members (that all got applications) - one of whom, Ron Edmonds, just

WAZZUP!

By George Kerns, VP

Dear Mr. President:

How have you been? I know you've been busy trying to keep the club running smoothly while maintaining your sanity. How are things going so far this year? Anything exciting happening? Any gripes or complaints? How about them Nationals!?!

I hope you're doing ok, and that the club is appreciative of what a warm, loving, kind and caring person you are.

Signed,

Next years Ex President.

Dear Ex President for Next Year!

Thanks for touching email. It's nice to actually get an email from someone who isn't worried about the concourse, how to login to the forum, or just about an upcoming event, but someone who actually cares and wants to know, overall, just how things are going. Well, glad you asked.

Things are going well, actually. Our membership is up, to about 140 counting prospective and current members. Our relationship with Koons, under Carl Leckner, seems to be doing great. In fact, just two weeks ago Laurie Kistner, your Concourse chairperson, and I met with him, and he seems as excited about the upcoming event as we are!

I'm not as happy with our finances as I'd like to be, quite honestly. However, given the things we're trying to give back to the club, I think we're doing pretty darned good. I pity the folks that blew off the picnic....they missed some good food and good conversation, and you couldn't beat the price. Ah well, their loss. The HPDE event sold out and then some, and promises to be a great event. I just hope I can keep up and not totally make a fool of myself. Guess we'll see soon, eh?

As far as the Nationals go...it's nice to see a team like them doing so well. Go Nats!!! How about some baseball trivia in support of the Nationals?

Name off 6 ways that a batter can advance to first base
WITHOUT getting a basehit?

How can a pitcher have 4 strike outs in a single inning?

Who was the first baseball player inducted into the
Hall of Fame?

Signed, Jeff Kirk

NVCC President

Ok boys, and girls! Summer is starting to really crank up, and the club is really starting to hop with activity. First of all I would like to thank everyone involved with setting up the club picnic last month. The food was great, the company was excellent, and the weather was fantastic. I think everyone that was there had a great time.

There are a couple of items that I would like to talk about this month. First of all is the NVCC 1st annual HPDE being held on the 20th of June. The class is a complete sell out, and we are really excited about the possibilities this can lead to! There have been a lot of people involved in this to not only make it happen, but to insure that it is done correctly so many thanks to them for their time, and efforts. This will be my first HPDE that I have been in so I'm really excited! There will be our results, thoughts, and photos in next month's issue so stay tuned.

The next item I would like to address is the charity run that I will be doing in October. For those that do not know about this I will be representing NVCC in a charity run that is going to be held on October 27th to raise money for the Youth for Tomorrow foundation, and Project Fit. The Youth for Tomorrow in short is a facility that helps troubled teens find a better way in life, and was founded by Coach Joe Gibbs in 1982. Project fit is an organization that helps fight childhood obesity by donating sporting equipment to local schools. Our goal is to run 50 miles in an 8 hour period on a treadmill to raise \$100,000 + for them. Worldgate Sport & Health has agreed to host this event, and Metro Run & Walk is supplying all my needs for this run to happen.

We will be raising money several different ways for this. Collections will happen through sponsorships, collecting pledges, and people donating to run beside me on this. The collecting pledges is where the general membership comes in. Over the next several General Business meetings I will be giving out more details on this, and I will be sending out e-mails along with postings on the web site. I ask that as many members as possible get involved with this effort because these are two great charities, and it will be great publicity for the club as a whole. There will be more to follow.

Until next time! If it's too fast, you're too old!

George

Drive Your Corvette To Work June 24, 2005

Celebrate The Enjoyment of America's Sports Car

EFFINGHAM, IL – Club members should drive their Corvettes to work Friday, June 24th, in honor of the 5th Annual *Drive Your Corvette To Work Day*, sponsored by Mid America Motorworks.

Club members are encouraged to send high resolution digital photos of their cars at work to clubs@mamotorworks.com. Mid America Motorworks will post as many pictures as possible on their website, www.mamotorworks.com

Drive Your Corvette To Work Day is celebrated on the Friday closest to June 30th, the birthday of the Corvette.

“We want every Corvette owner to drive his or her car on June 24th because it is the perfect way to say ‘Happy Birthday’ to America’s sports car,” said Mike Yager, founder and “Chief Cheerleader” of Mid America Motorworks, the world’s leading supplier of Corvette parts and accessories.

“We know many Corvette owners consider their cars to be a special vehicle and only drive it occasionally,” said Yager. “But we think driving your Corvette to work, at least one day a year, is an excellent way to demonstrate just how popular Corvettes are. And it is a chance for Corvette owners to meet new Corvette owners.”

Spotlight on Members CORNER

Socially Speaking
from Laurie Kistner

NVCC 2005 Social Calendar

July 10, 2005 – Concours 2005. The dictionary defines concours d'elegance as "a show or contest of vehicles and accessories in which the entries are judged chiefly on excellence of appearance and turnout". Every year NVCC puts on such a car show, and it is a NCCC-sanctioned event. We have entries from all over the region and upwards of 75 cars each year. We have a panel of judges and give the winners trophies.

This year Koons Chevrolet at Tysons has extended their hospitality to us in hosting the show at their facility. We will need everyone's help in the club...from set-up, publicity and registration to judging and teching cars, and much more. If we work together, we can get it all done...and have a good time as well. See flyer and registration form for complete details.

July 31st, 2005 - 12th Annual Vettes @ the Beach. A long-distance event, in Sylvan Beach, NY, this is the "flagship" show of the Northeast...last year 409 vettes were in attendance!

This show is put on by the Syracuse Corvette Club and is a non-judged, people's choice show. Excellent goodie bags, dash plaques, vendors, trophies, and corvette camaraderie while seeing many vettes, old and new, modded or stock, at their finest. The weather is usually very nice, with temps in the 70s/80s and is a short walk to beautiful Sylvan Beach. See the surf and sand along with some hot cars! Their ultimate goals? Raising money for charities and bringing together the owners of the coolest American made sports car...the Chevrolet Corvette! Please email me at lilredcorvette94@yahoo.com if you wish to caravan up for this long-distance cruise/show and for complete travel details.

August 6th, 2005 - 16th Annual All 'Vette Cruise-in, hosted by Still Cruisin' Corvettes. WE MUST GET THERE BY 3:00 PM to get parking. Over 400 Vettes show up! Time of event is 5:00 p.m. to 9:00 p.m. Admission is free and vendors are welcome. Dash Plaques to the first 200 Corvettes. Mr. DJ will be playing oldies tunes. Great food and beverages at Big Joe's Pizza. There will also be door prizes.

I will be leading this caravan, meeting place will be Newgate Plaza, next to the Mobil station, Joann's Fabrics, and Post Office (intersection of Routes 28 and 29 in Centreville). Brief driver's meeting at 2:30 PM, departing at 2:45PM. Please RSVP to lilredcorvette94@yahoo.com.

August 27th, 2005 – One-day Caravan to Corvettes at Carlisle. This is always a HUGE event every year. Expect to see thousands of 'vettes in every model, year and color. Many vendors, swap meet, corvette auction, and displays of all sorts to look at. A new event to be added is a Burnout Competition. It is the "Superbowl Sunday" of Vettedom.

I will be going up for one day only (Saturday, August 27th) and hopefully leading a caravan of fine 'vettes with me. We will meet in the Leesburg Premium Outlets parking lot (in the middle where the food court is, parking area #10, faces Route 15 Bypass) and take Route 15 through Maryland into Pennsylvania for a nice scenic drive. Start arriving at 7:30 AM, drivers' meeting at 7:45 AM, and leaving at 8:00 AM SHARP. PLEASE remember to bring your family radios and gas up your cars BEFORE we leave! Be advised I like to go at LEAST speed limit...and then some! Once we arrive you are on your own to enjoy the many wonders of Corvettes at Carlisle.

If you wish to join this caravan to Carlisle, please register here, reply to the forum post, or email me at lilredcorvette94@yahoo.com. You MUST pay a registration fee at the gate if you have not pre-registered online. General admission is \$12 and children under 12 are free. Corvettes get to park on the fair-ground infield (Corvette Only parking is \$10). Visit www.carlisleevents.com to read more about the event. Bring lotsa money. Directions to Leesburg Premium Outlets (caravan start point): Take VA-267 West (Dulles Greenway) to exit 1B. Merge onto US Route 15 Bypass North, right onto Fort Evans Road. Address is 241 Fort Evans Road NE, Leesburg, VA 20176.

Directions to Carlisle will be handed out at the drivers' meeting.

Big News as GM releases final specs on 2006 Z06

The ultimate Corvette—the 2006 Corvette Z06—is posting numbers at the track and on the window sticker that will get attention. Chevrolet has announced that the fastest Corvette ever—the 505-horsepower Corvette Z06—will achieve 0-60 mph in 3.7 seconds while still in first gear, and pricing will start at \$65,800, including destination and freight charges.

“Corvette is a global icon for world-class sports car performance at an incredible value, and offering the fastest production Corvette ever at this price is another testament to that reputation,” said Ed Peper, Chevrolet general manager. “When you compare the Corvette Z06 performance stats to other super cars, you see numerous examples where you’re getting better performance with Corvette for one-third the sticker price of the competition.”

Developed alongside the Corvette C6.R racecar, the Corvette Z06 uses advanced lightweight materials typically found only in the most exotic super cars. Use of weight-saving materials such as carbon fiber, aluminum, titanium and magnesium give the 3,132-pound car a highly competitive weight-to-power ratio of 6.2 pounds per horsepower.

“The new Corvette Z06 is the dividend from competing so successfully in endurance racing,” said Dave Hill, Corvette’s chief engineer. “It combines the strong attributes of the new, sixth-generation Corvette with the spirit, technology and know-how from the race program to form an American super car with outstanding credentials.” The highly anticipated Corvette Z06, which will be available in the fourth quarter of 2005, completes the sixth-generation portfolio, which also includes the 400-hp Corvette coupe and convertible.

Previous Corvette Z06 models, from the original 1963 model to the 2001-04 editions, incorporated suspension and engine upgrades that complemented existing Corvette systems. The 2006 Corvette Z06 is more differentiated from the standard Corvette than any other Z06 in history with every design element serving a performance function.

Corvette Z06 features include:

- LS7 7.0-liter/427-cubic-inch Gen IV V-8 engine with light-weight reciprocating components 505 horsepower (373 kw) @ 6300 rpm 470 lb.-ft. of torque (657 Nm) @ 4800 rpm
- 6-speed manual transmission
- 7000 rpm redline
- Aluminum body structure with one-piece hydroformed perimeter rails frame and magnesium engine cradle
- Carbon-fiber composite front fenders, front wheelhouses and floors
- Dry-sump engine lubrication system
- Hand-built engine at GM’s new Performance Build Center
- Unique design styling that includes a larger grille, cold-air scoop and lower air splitter, wide-body front and rear fenders and a taller rear spoiler
- Engine, transmission and differential oil coolers and steering cooler

For all its race-inspired functionality, the Corvette Z06 also is designed to be refined as a daily driver with a sophisticated and comfortable interior and generous cargo volume. The Z06 will be offered in Machine Silver Metallic, Victory Red, Daytona Sunset Orange, Le Mans Blue Metallic, Velocity Yellow tint coat and Black exterior colors.

24 Hours of LeMans Update

The stage has been set for an epic battle of production-based race cars at the 24 Hours of Le Mans as Corvette Racing qualified its new Corvette C6Rs third and fifth in the intensely competitive GT1 class. The No. 64 Compuware Corvette C6.R driven by Oliver Gavin, Olivier Beretta and Jan Magnussen ran a fast lap of 3:52.426 during the June 17, 2005, four-hour qualifying session, placing it third among the nine GT1 class cars that will contest the 24 Hours of Le Mans on June 18-19. The No. 63 Compuware Corvette C6.R of Johnny O’Connell, Ron Fellows and Max Papis completed the 8.5-mile circuit in 3:55.914, placing it fifth in the GT1 class. With a pair of Aston Martins qualified in the top two spots, the race for the GT1 title promises to continue the rivalry between the English and American marques.

(Last minute update!!: In a classic battle in the last four hours with the Corvettes in 1st and 3rd and the Aston Martin closing at a rapid rate but couldn’t sustain the effort finally needing repairs. The C-6Rs finished 1st and 2nd, the first time they have accomplished this at LeMans!)

Z06 Ride Opportunities and More at This Year's Z06 Fest! Pre-registered participants for the Z06 Fest are in for an exciting ride!

A special drawing will give a limited number of Z06 Fest participants an opportunity to enjoy a "ride-with" in a Z06 – but only pre-registered participants are eligible. Pre-registration closes on Wednesday, July 6. Registration is available online at: <http://www.corvettemuseum.com/registration/Z06/info.shtml>

Steve Wesoloski, newly name GM Road Racing Group Manager, will be joining us at the Z06 Fest. Steve is a key member of the race team engineering staff, and provided the conduit for the transfer of technology in both directions between the street and track vehicles, making the C6 and more specifically the Z06, closely related to the racecar. Now he will be overseeing the whole GM road racing effort. Steve will present an exciting seminar on Friday morning that focuses on the engineering that went into the development of the new Z06.

BACKGROUND

NVCC is one of the founding members of the NCM. Club benefits are: Free individual or group admission to the NCM. Ten % discount on NCM and Catalog merchandise.

Free subscription to the magazine "America's Sports Car." NVCC plaque in the museum.

If any NVCC members are planning a trip in the vicinity of Bowling Green, Kentucky, a visit to the home of the NCM and the Corvette factory should be in your plans. The NCM card can be borrowed from our President.

For additional information log on to: <http://www.corvettemuseum.com> or call the NCM at 800-53-VETTE (800-538-3883) or contact Donald Patrick.
