2018 NVCC PICNIC

By: Dick Hammaker

The 10th NVCC picnic at the Anderson Farm started at the staging area across from the Sears Auto Repair Shop at Dulles Town Center. Paul Cestone, wife Joann, and family pet Patches led the just under 2 hour cruise to "The Farm." It was a beautiful day so all 13 Vettes (C2 thru C7) were ready to get out on the road. Team Cestone stepped in when Prez Kris had tickets to see a great concert...Martha Reeves and the Vandellas opened for the Spinners at Charles Town Casino. Ask Kris to sing his favorite song, Rubberband Man.

Another reason for cruising to the picnic was the promise of a new "Corvette Road" route just west of Martinsburg, WV. First half of the cruise was pretty standard...Rt. 7 to Rt. 9...to Charles Town. The group took a rest stop at the Black Dog Coffee shop just north of Charles Town to rejoin with Kris. Second half of the cruise was an adventure on some curvy, no center line, country Corvette roads....some places were like a mini Tail of the Dragon.

The Cruise arrived just before lunch. One of the major attractions, besides the camaraderie and food, was marveling at Rich's Car collection. Suffice it to say, he has quite a variety of Corvettes (C1 thru C6) and "other non-Corvettes!"

The advance party of cooks...Mike Gilliland and Jerry Lelansky...were hard at work grilling chicken, burgers, sausage, and dogs. Of course, this was done under the watchful eye of Rich Anderson. In addition to the aforementioned grilled items, there was pulled pork, baked beans, slaw, pasta salad, and all the trimmings.

If that wasn't enough to temp your taste buds, there were three pies (apple, blackberry, strawberry rhubarb), cookies, and to die for brownies! Did I mention, all the food was provided by Rich and Cheryl and homemade! If you left hungry, it was your fault. A special shout out to Vicki, Candace, Gerry and Irene for all the kitchen aid!

One of the highlights was for Prez Kris, on behalf of NVCC, to present Rich with a framed picture, signed by a majority of NVCC members, honoring him for all his NVCC support, both past and present. John Scott was Trivia Master and Tab Tabellario manned the NVCC Store and collected for 50/50.

Many thanks to Rich & Cheryl for once again hosting NVCC's Annual Picnic. Fun was had by all!

THE PRESIDENT'S CORNER—JULY 2018

THANKS-Giving in July

Facebook asks "What mood are you in now?" Thinking about the recent club events - Marine Corps Cruise and Museum Tour, Corvettes Care Car Show at our sponsor, Page Chevrolet, Cruise and Party at Barrel Oak Winery, and another year celebrating Corvettes, cruising and picnicking with Past President Rich Anderson - I am so thankful for the individual efforts of so many of our club members in helping to make these events successful. Even as trying as a car show in the pouring rain! (The pain was greatly quieted by some yummy fare at the Ruritan food truck!). The energies and dedication of our council members, committee chairs and committee members, and all those who just said, "let me know where I am needed" is what makes this club successful.

These tireless folks, I'm happy to say, include many newer members as well as the stalwarts who have been members for more than 10 years, and still carry some office in the leadership of the club (examples being Marsha Batchellor, John Palmgren, Jerry Lelansky, Paul Benish, Stewart Fox, Andrej Balanc, David DuBois, Dick Hamaker, Bob Devery, Tab Tabellario, Rick Poage and many others). I need to also thank those excellent cruise leaders like Shawn Waddell, George Durk, Mike Gilliland and Mae Fromm. Newer members stepping up to the plate to make this a better club include Chrissy and Tom Kinman, Paul Fineberg, Lauri Stevens, Mike Grabowski, Mike Moore, Theda Ellis, and Henry Alonso. And of course, I so appreciate our (seemingly tireless) club officers like Vicki Allen-Scott, John Scott, John Stark and our Page reps, Vince Brown, China Arbuckle and the service crew.

As President of the Northern Virginia Corvette Club, I thank each and every one of you listed here as well as the rest of the membership for attending the events we put on and making this club so active and attractive to Corvette owners. You know you're having success when more and more people are joining NVCC that are already members of another club (i.e. two couples from ODCC).

I have no doubt energies will continue on to a Fall Teen Driving School (the club's other signature event and community service) and the January 2019 banquet to kick off the Club's 50th Anniversary. If these past several years are testament, success with the 50th Anniversary is written into our DNA.

Save the Wave, don't use your brakes in a turn, and let steering slow you down!

WHAT PEOPLE ARE SAYING ABOUT NVCC:

Throughout my many years on this Earth, and a couple others back in the 60's, I've belonged to a few different organizations and NVCC is one of the friendliest and does provide a lot of activities. I only wish I had time to attend all of them.

One nice thing about NVCC is that there is more than one event posted for the same day. This is good because a person may not want to, or cannot, make one event but can make the other, choice is good.

Back years ago when I lived in NY State, I belonged to an archery club. We had a lot of events and were very active in conservation. One of the founding members, Steve Menta, would tell new or prospective members "You're a stranger here but once".

I see the same thing applying to NVCC.

AN NVCC “THANK YOU” TO DICK HAMMAKER

By John Scott, NVCC VP

Long-time Northern Virginia Corvette Club (NVCC) member, past president, and club “Elder Statesman” Dick “Ham” Hammaker took on his duties as the club’s National Corvette Museum (NCM) Ambassador less than a year ago. In just that short time, he has brought to bear his encyclopedic knowledge of NVCC, support for NVCC’s NCM relationship as a founding member club of the museum, and an extraordinary level of public-spirited service to introduce fresh vitality into the NVCC/NCM relationship.

As a past NVCC president and long-time Corvette owner, Ham was an ideal choice to serve as NCM Ambassador going into NVCC’s 50th Anniversary year. He has owned four red Corvettes since your author joined the club, all with the personalized Virginia license plate “RECCE”, commemorating his Air Force days in reconnaissance aircraft. His current C7, a coupe, breaks the string of convertibles Dick has owned; rumor has it that a coupe offers more luggage space for long trips than a convertible.

Everyone familiar with Dick knows he takes great care of his cars. But his Corvettes have not been “trailer queens”. They are driver’s cars, to be used and enjoyed, and he and his wife Denise treasure their opportunities to travel the highways and byways of the nation in America’s sports car. From NVCC cruises, to trips to the Museum in Bowling Green, from visits to see family in Louisiana, to participation in several Museum-sponsored Kentucky One Lap events, Dick and Denise have seen the U.S.A. in their Corvettes.

Indeed, at least one of Dick’s Corvettes, his 2001 Torch Red C5 convertible, achieved national attention. In 2014, Dick and Denise embarked on a 61 day, 10,274 mile trip around the U.S., from east coast to west and back again, visiting more states and old friends than could be listed in this article. Dick recounted the journey as it happened in a number of articles in the NVCC newsletter (check them out on the website). The icing on the cake for the trip was a page-long trip summary in the Winter 2015 edition of Blue Bars, complete with a Blue Bars front cover photo of a well-travelled Corvette.

Ham’s enthusiastic dedication to, support for, and participation in NVCC events sets the bar high for fellow club members. A dependable supporter of club-sponsored Teen Driving Schools, Dick can always be found at the starter’s post for the slalom course, keeping a watchful eye down range, ensuring that the course is clear, safe, and ready for the next run. Dick has participated in every Corvettes Care car show since NVCC restarted the shows four years ago – as an exhibitor, a member of the planning committee, and tireless show worker. This year, he and his parking team had the toughest task, ensuring that participants were safely and efficiently parked in what was at times a near-torrential rain.

Ham is also a driving force behind NVCC’s Spring and Fall Rallye events, having orchestrated and conducted countless Rallye 101 orientation seminars for newcomers. Working with current Rallye Master Mike Gilliland, Dick’s rallye courses are exact and thoughtfully laid out, highlighting his attention to detail and determination to reward precision (Rule #1: The Rallye Master is always right. Rule #2: When in doubt, refer to Rule #1.).

From the first, Dick was on the short list to serve on the NVCC 50th Anniversary Committee, given his decades-long standing as a member and wealth of knowledge about the club. When asked, he answered to call to serve on the committee without hesitation.

In sum, the Northern Virginia Corvette Club owes a debt of gratitude to Dick Hammaker for his selfless support for the club over the years. He is generous with his time, and always willing to offer club members the benefit of his insight and experience. Finally, a special thank you is due for his generosity in underwriting the cost of a large brick at the NCM commemorating the 50th Anniversary of NVCC, and of a corporate lifetime membership for the club at the NCM. From your fellow NVCC members, Dick, a heartfelt “Thank You.”

BARREL OAK WINERY CRUISE

Comments by Bob Devery

and Shawn Waddell

The event planned by Shawn was absolutely spectacular. The blue sky, dry weather in the morning was an indicator of how the rest of the day would go. His efforts and the day inspired me to mention why I believe that our club is successful. I've heard from many that it is the amount of activities that we put together. All of you are instrumental in bringing activities to the attention of the club so we have a wonderful opportunity to do many different items which is pretty cool. But, it's the people who make us successful. From the time that we arrived in the parking lot at Home Depot until the end of the day, there was nothing except excellent camaraderie. It's pretty cool when you walk up to not only people that you know very well but walk up to people that you may not know as well or not even at all and extend a hand and get a handshake and a smile in return. I thought about it after the BOW cruise because everyone with whom I talked was upbeat and anxious to have conversation. At the winery, there was a large room that could accommodate every one of us. People started sitting at different tables in random order but then some of us decided to just start rearranging the furniture in pulling as many tables together responsible. If people were sitting by themselves for some reason due to seats being filled at different tables, people made sure that we squeezed in a little bit tighter and grabbed extra seats so that they could join that table. The interaction between people is what impresses me. Like most of you, I belong to a number of different organizations for different reasons. While I have fun and enjoy what I do with them, I can tell you without any doubt, that this club is out to enjoy life and have a good time. With NVCC, no matter where we go and what we do, the key is not the ice cream or the track or the wine, it's the people and the fact that each event gets us a little bit closer not just as members but as friends. It may sound hokey or trivial to some but it is truly the people that create the atmosphere of enjoyment for this group. — Bob Devery

What an awesome day. Final tally was 25 Corvettes and 50 people. What a perfect day. The best attended event that I have planned. Barrel Oaks cast was very happy with the turn out. I hope everyone enjoyed the pizza, oysters, cake pops, snow cones, beer, wine, sangria and especially the camaraderie. Thanks so much for everyone who attended...
Shawn Waddell

Take advantage of the things that this club offers to do but, more importantly, take advantage of the wealth of wonderful people that we have from all backgrounds and do something that few people in this Stressed Out Cardiac Care Beltway area can do : RELAX and LAUGH!!

TRIVIA

By Jeff Klain

Grace Jones, Lou Reed and Devo all sung the praises of the Honda Elite 150 scooter, of the C4 era. What rare design feature did this little scooter share with the C4?

Answer: pop-up headlights.

The C4 was lauded for its not quite unique clamshell hood that allowed easy access for maintenance. This great and short lived feature (1984-1996) was most likely borrowed from what British sports car?

Answer: E-Type Jaguar (1961-1975).

In 2014, Tremec Transmissions introduced its 7 speed stick shift on the Stingray, but exactly 30 years earlier, what company offered an arguably 7 speed stick on the Corvette?

Answer: Doug Nash an American hot rodder and drag racer.

NATIONAL CORVETTE MUSEUM

By: NCM Ambassador Dick Hammaker

How many of you say to yourselves "I'm bored, NVCC doesn't do anything." If this is you, you're not trying very hard because the NVCC Calendar is so packed, it's hard to pick which event to attend. Many thanks to Social Director Bob Devery for filling the calendar with fun and interesting things to do.

NVCC used to have what was called the "Wicked Good Cruise (WGC)" lead by Shawn Waddell and Mike Gilliland. I'm sure many remember the WGCs to the National Corvette Museum, Monster Mile in Dover, DE, and Salem Witch tour, MA/multiple points in Maine. WOW and AWESOME don't do justice describing the fun.

Since WGCs are on hold, you may want a longer event than a day trip. Consider trying one of the NCM's popular Museum-In-Motion (MIM) events. I am personally participating in my 4th Kentucky One Lap (K1L) - Week Three. As a point of interest, Week Three sold out in less than an hour!

Last year, MIM went to GM Headquarters and with lots of behind-the-scenes at Milford Proving Grounds. Take a look at the upcoming MIM events, go to the NCM Website, go to Events, and check out the details and itineraries of these event.

Upcoming Museum-In-Motion Events:

MiM R&R Roanoke, WV | August 26-28, 2018 24th Anniversary Celebration | August 30 - September 1, 2018 Monterey Racing Banquet, Monterey, CA | September 8, 2018 MiM Pacific Coast Highway, North California | September 10-15, 2018 MiM National Parks Tour 1 (AZ/UT) | September 16-22, 2018 MiM National Parks Tour 2 (AZ/UT) | September 23-29, 2018 MiM Kentucky 1 Lap Tour 1 | October 9-13, 2018 MiM Kentucky 1 Lap Tour 2 | October 16-20, 2018 MiM Kentucky 1 Lap Tour 3 | October 23-27, 2018 Vets 'n Vettes presented by Mobil 1 | November 8-10, 2018 Corvette Racing Weekend, Hershey, PA | November 9-10, 2018 National Corvette Caravan | August 28-31, 2019

2019 CORVETTE CHARITY RAFFLE

The Lancaster County Corvette Club and Carlisle Events are conducting a Corvette raffle with 100% of the proceeds going to the Chip Miller Amyloidosis Foundation and Clare House. I am requesting your support.

It is a 2019 Admiral Blue Metallic Corvette Coupe with a 460 hp engine, automatic transmission, and LT1 equipment group as per the attached flyer.

Once again we will use the successful formula that we have used for many years. We will only sell 1000 tickets at \$100.00 each, with the tickets numbered between 000 and 999. The winner will be determined by The Pennsylvania Daily Lottery (Pick Three) on Saturday, August 25, 2018 using the 7:00 PM drawing. The number drawn on the lottery will be the winning number. By using the PA Lottery number, which is drawn live on television, we are assured an absolute tamperproof process. The odds of winning are great, on a great vehicle, while helping needy and worthwhile charities. Only \$100.00 for a chance to win a brand new Corvette with 100 percent of the profit going to the charities. You do not have to be present to win.

I would very much appreciate your support. If you will mail a check for one or more tickets made payable to Lancaster County Corvette Club (LCCC) and marked charity raffle, I will randomly select a ticket(s) and return the stub to you. **Note: Be sure to include your current phone number.** My address is shown above or use the address on the flyer which is attached.

If you have any questions, just give me a call, and thanks in advance for your support and "Good Luck"

CHECKING IN From Dave DuBois

NCM EVENT AT VIR JUNE 25 & 26

The NCM event at VIR continues to be one of my favorites. The usual suspects attended: Myself, Cassidy, Danielle, Stewart, John Stark. Both Pat Sullivan and Pat Roney were there also. My daughter can be seen going up through the ESSES! We keep the exit speed at the top of the esses at 120 mph or so.

My student had a stock C5 Z06 with a seat and harness upgrade. NICE car. We always see retired GM executives at this meet and this event was no exception. They are very approachable, friendly, and of course can tell story after story. VIR has a very nice rhythm to it, technically challenging, and easy to learn. You should consider joining us next year. The comradery is worth the trip alone.

HOOKED ON DRIVING – POCONO JULY 7 & 8

The HOD group continues to put great events everywhere they go. This one was no exception.. They provide lunch and host a Saturday night hamburger and hot dog cook out. I had one student with a Camaro ZL-1 with 650 HP and one student with a Dodge Hell Cat at 707 HP. The ZL-1 student had more experience and did a great job. I gave him a ride in the combined group B & C the first afternoon. The traffic in the combined group can be crowded but that is the good news. You get experience passing other cars and being passed yourself. My Dodge Hell Cat student had not been on track for several years and we progressed but at a slower pace. On Saturday evening, HOD runs the whole tri-oval, with no infield courses to slow you down. My Grand Sport runs 160 MPH between Turn 3 and Turn 1 and then again between Turn 1 and Turn 2. That is awesome. You need to do this!!

Travel Trivia ... Bob D Travel Guy

DID YOU KNOW ... NORWEGIAN BLISS has added a GO KART option?!! The go-kart package, which is only available for purchase onboard, allows unlimited riding for a day or week. An unlimited day pass costs \$29.95 per guest. An unlimited pass for the week is \$99.95 per guest. Priced individually, an 8-minute ride on the go-kart track costs \$9.95 per person.

YOU DO KNOW ... your legs are NOT getting longer but the seat distance on aircraft (pitch) has dropped .. a lot! While 34-36 inches was the norm in the '80's, the new norm is 30-31 inches with some airlines dropping to a knee jerking 28 inches! More airlines are doing it AND then adding cost "upgrades" for those who want to pick seats ahead of the flight departure times and adding \$19-\$100 for the privilege of having a seat like the "good old days" with 4-6 inches more leg room which is now called ECON PLUS. However, the airline must give those seats at no extra charge if you decide to wait until boarding for seat selection and are lucky to find one available. I assume the marketing guys for the airlines sit in a room with no windows and little oxygen and with loss of consciousness, come up with the policies like this ... ok, nevermind ...just greed!

FINAL THOUGHT

NEW - PORTA HUNTIN POTTY BLIND

I have just become a distributor for the new Porta Huntin Potty Blinds. You can now have the best of both worlds while you are hunting or relaxing next to your pool. The Huntin models come with both a beer cooler and of course, maintains the main outhouse functions. The Huntin model comes in both single and dual holes. At the end of the hunting season, these are easily converted back into regular outhouses. No getting down out of your tree to go to the bathroom. Even your family will be amazed. Please call BR-549 to place your order. Some assembly required. Toilet paper not provided.
