ODDS & ENDS DETAILING 101 CLINIC

APRIL 27, 2019

By Dick "HAM" Hammaker

It was a bright, sunny, windy, beautiful day for 25 ODCC & NVCC Corvette Enthusiasts to learn the basics of Automobile Detailing from the best. Darryl, owner of Odds & Ends Detailing, says "it not just a detail shop, but as a fellow car enthusiast and owner, I can honestly say I'll treat your car as if it were my own. I host and conduct 'Detailing Clinics' to show folks how to get superior results on your own and teach proper techniques to maintain your car to its highest potential."

The Clinic began with donuts, bagels, orange juice, and coffee as well as conversations...great start! The Clinic started with a demonstration on proper techniques to wash your vehicle...wash your tires, rims, and wheel wells first, then two bucket wash technique for the rest of the vehicle and drying techniques.

The demonstrations and discussions continued with how to use the clay bar to remove clear coat contaminants and the difference between paint sealers, waxes, and ceramic coatings. The clay bar was also used to clean the auto glass before using glass sealer. Hand application procedures for applying paint sealers, waxes, and ceramics were also shown.

PLEASE REMEMBER THAT THE MAY GBM WILL BE AT AMPHORA DINER DELUXE IN HERNDON, VA ON SATURDAY, MAY 18, 2019 — 9:00 A.M.

Darryl emphasized over and over that paint preparation is the key. If you don't clay to clean the paint and polish to remove the scratches and swirl marks, all you're doing is making the scratches and swirls shiny.

After a break and with much interest in machine polishing and sealing/waxing, Darryl demonstrated how to use two orbital polishing machines; Porter Cable (novice) and Flex (experienced). The entire group was amazed with the results.

Everyone came away with a greater knowledge of detailing procedures and techniques. It was a fun day!

Thanks Darryl for a great clinic! Also many thanks to Bob Meyer, President of Old Dominion Corvette Club, for making this a joint event.

THE PRESIDENT'S CORNER—MAY 2019

The surprising change of photo in the April President's corner came to you thanks to a Game of Thrones viewing party at the Scott's. Yes, Vicki (our former Secretary had artfully crafted a GoT Iron Throne and suggested that we all take a seat to be photographed. Little did I know that it would replace my Rallye Master photo in previous newsletters? I am hopeful that the photo returns to normal this month (Vicki, Marsha, please?). *[Ed. Note—okay fine.]*

So... recently we have learned that your Club President can make a poor Ned Stark imitation, a gravitational wave can be isolated and discovered, a black hole can be seen, a bird can tell Alexa (Amazon Echo) to "stop" and a Corvette can have its engine in the center. For Corvette fans the latter has to be the most amazing and least embarrassing. As the tension builds to the big C8 reveal, we continue to build a great 50th Anniversary year for you.

The annual Corvettes Care Car Show will be with us soon (June 2nd). Please plan to get your car (or cars) ready for a Fun Show. Just wash them, make them shiny and bring them down to Page. If we haven't heard from you recently, here's a great chance to reconnect and enjoy a great club event. If you have friends outside the Club who might want to join in, please invite them. We want to fill the lot and make this event a great one for our Club and our charity. Please don't miss this one.

Shawn Waddell has a great NVCC cruise to DuCard Vineyards planned for June 22nd. The cruise there is on roads made for our Corvettes. There will be special parking for your Corvettes, music, good food and great wine. DuCard's owner/winemaker loves us and always adds something special to the tour of the winery he personally gives the club. If you remotely enjoy an occasional glass of wine, I suggest you sign up for this one.

Interlaced with all of these activities is Yas Kinashi's Corvettes and Coffee at Cascades. The April addition was a roaring success and we have high hopes for the May edition. Thanks for all the NVCC folks that made the events. We sponsor a 50/50 at these events that supports the MS Society and it has been very successful so far. Please check out the NVCC WEB page for details or pick up a flyer at the next GBM.

On July 14th we have our annual Club Picnic. This event won't cost a penny, but the food and good times with members should not be missed. Please put this on your calendar and come on out. There will be a Corvette caravan out to Past President Rich Anderson's farm led by Kris McCandless (thank you Kris). Let's make this a big turn out if we can. Rich loves the company and you get to meet Cheryl (the reason we support the MS Society). They are great Corvette people and great supporters of the NVCC.

Please be sure to set aside July 14 for the Picnic at the Andersons. Seeing Rich, enjoying the cookout with friends and checking out his classic car collection is always a great time. Let us know if you plan to attend, we will need an approximate head count. Also, volunteers will be needed for the prep and setup prior to the event along with volunteers to support the grilling and cleanup. Please let me know if you can help.

If you did not make the Deverys' Kentucky Derby party, you missed an awesome get together; thank you to Bob and Carol for a terrific evening. All of us who attended had a great time.

We all hope the factory is open for the July Club visit to Kentucky (we are sure to see an example of a C8 at the Museum) — wouldn't it be great to see C8s in production. For those of you that have not signed up, check with Dick Hammaker to see if there are any slots left. This one should be epic.

Also, there is planning going on for the Starks' 1969 party. Everyone is welcome to climb into the 'way back machine' and join us for a flower power blow-out party. Check out the flyer for more information.

For all of you going to Carlisle, we look forward to seeing you at the club tent. There will be parking for club volunteers that have signed up to man the tent. We plan a Friday night get together at our hotel that will include food and libations, hope to see many of you there. Thanks again to all of you who have volunteered to man our club tent on the Carlisle grounds.

Let's get a big turn out for the September Fall Rallye that Dick Hammaker and Kris McCandless are planning. If you can't find a navigator, please contact Dick and Kris for help teaming you up. These events are a lot of work and deserve participation.

Those of you attending Free State Corvette Club's Corvette Weekend at Ocean City in October should start signing up. We hope to have a big group parading on the Boardwalk with the NVCC group this year (the NVCC will get a space near the front for our 50th thanks to Rich Mars). We will have a meet and greet after (more to follow on that).

Well that's it for this month. If you don't feel the gravitational pull of our NVCC events this year, you just aren't trying. You won't have to lose your head to enjoy the summer with us. Let's get our Vettes out and do something really special, I promise no black holes, just good vibes.

Vineyard Cruise – Shawn Waddell

Shawn will lead a cruise to DuCard Vineyards on June 22. This cruise is approximately a 1.5-hour drive. Cruisers will have complimentary access to one of DuCard's private rooms and a tent will be set up outside for club members. Departure is from Chantilly. If there are enough participants, a food truck with German style food will also be on the property. This promises to be a great time. Please RSVP to Shawn.

Car Show at West Potomac H.S. – Jerry Lelansky

West Potomac H.S. is hosting a car show to support their all-night graduation celebration. They expect at least 200 cars of all vintages. Cost is \$20 to enter. Jerry will locate a meeting place if there is enough member interest.

Finance Update – Omar Gordon

Omar reviewed bank balances and new nametags were distributed.

50th Anniversary Events – John Scott

There will be only one more 50th Anniversary Committee meeting to announce updates from the event leads. The committee would like a 50th Anniversary Committee member photo for the newsletter. Mike Gilliland also thanked everyone for their assistance and hard work.

Break**Trivia by Jeff Klain****Windshield Banners – Paul Benish**

Paul has received feedback regarding the windshield banners. The vendor will sell the words and logo separately if a club member(s) would prefer to display the lettering and logo in two places on their car, for example, lettering on windshield and logo on side window. The curve of the lettering will be tailored to one generation of Corvette using the generation that would look/fit best.

Garage Night – Paul Benish

Paul asked for interest in having a garage day/night at Craftsman Auto Care. He polled members if they would prefer a "show and tell" or "hands-on" session (or combination). This would most likely be held on a Saturday or Sunday. There is no cost just the hope of new business for Craftsman. Paul will pursue scheduling a class since there was interest in having a garage day/night.

National Corvette Museum Cruise – Dick Hammaker

Kris is working hard on stopping points from Northern Virginia to Lexington, then Lexington to the Distillery and on to Bowling Green. Dick will receive a schedule of events from the museum next week.

Dick also mentioned that NVCC is a sponsor of "fund-a-class" program through the museum. This program is directed to schools needing resources and provides bus **Bob Devery – Social Events**

Bob will confirm the hotel reservations for Bowling Green by the end of May. One room is still available, and if needed he will reserve more rooms.

The Kentucky Derby Party is planned for May 4.

Bob is researching a Christmas in NY trip.

Corvettes at Carlisle – Jim Dobish

Very few rooms are available at our club rate. Room prices increase dramatically if they are not in NVCC's block of rooms. Please make your reservation as soon as possible. There is a chance the club may be able to increase the number of rooms in our block. Jim is also looking into restaurants to cater dinner for the club at the hotel.

50/50 Drawing was \$45 won by John Scott.

OUR PASSION FOR CARS AND WHY WE GO TO THE SHOW

By: Bob Devery

Like many of us, I enjoy heading out to the car shows, not just as a Corvette owner but as a "car guy" who appreciates anyone in the show with a piece of history for everyone to see ... which is what all of our cars eventually become. The extreme majority of the cars are meticulously maintained. I love seeing the evolution of the automobile not just in terms of the engine components but, for me, the design changes that have occurred that have caused our Corvettes and other vehicles to become the sleek designs that they have. Of course, there are many people who have no interest in the new designs but simply love the cars from 30 or 50 or 70 years ago not these newfangled veee -hickles! But although I love my C7, I get it when I park next to a Corvette from the 1950s through the 1970s and agree that that car is going to get a lot more attention than mine. I love looking at the cars from the past especially ones that were built around the Art Deco age or post WW2 when car design and production resumed after being on hold so that we could manufacture what was needed to win that war. The space-age gave us mind-boggling car design and architecture with a look that made it seem as though the car was heading for the moon!

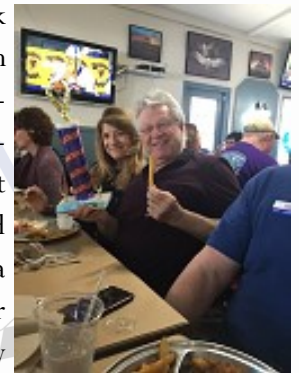

So when I go to the shows like I did at West Potomac high school on Saturday, it's great to see the Corvettes ... whether it's the Lelansky C7 (along with "Mini Blue Lelansky") or Jim McKay's pride and joy "64" ; Rich Mar's C6 and Cassidy's MONSTER C5 race car along with other Vettes like the brand new ZR1 of a USMC veteran ... PLUS the proud rides of guys who wanted a car in high school but couldn't afford it; sold it before going into the military or having a family; have kept it in the family for 40-50-60+ years as well as the guys who simply saw a car and said "I want it " and keep it in shape for the rest of us car enthusiasts to enjoy. We have members of our club show up at a meeting for the first time after having just bought their first Corvette as well as those like Rob Succolosky who has had his "first dream car" since he bought it approximately 50 years ago; or Jim McKay having a car that had been his Dad's. Many other club members are multi-Corvette owners with two or more in their garages while others like me loyally replace one Corvette with another one. Someone will show up at a meeting later this year with the new C8!

When I thought about the idea for jotting down comments about the car shows, it also brought to mind the second part of the equation that is important for me and, thankfully, many members. I've heard Vicki and many others make a comment that is stunningly true: "we join our club because of the cars that we own but we stay because of the friendships". I could not agree more with that correct statement. I joined this club years ago because it

was a logical thing to do. I enjoy the club now because of all of the people who make it special with the time that we spend together talking about cars but, also family, personal experiences and other things that are very important to people. Instead of just talking about cars, our love of the Corvette has given many of us friendships that have much more value than our cars. I've even gotten to travel with friends for a week or more and share the adventures of life which has been an amazing experience for me and Carol.

If you have not yet realized what the true value of this club is, I encourage you to attend some of the myriad of activities that members put together to enjoy life in the fast lane. You can buy a Corvette, but you can't buy the laughter and the Colorado ring that occurs when our members get together. Like many things in life, it's a use or lose opportunity. So, when it's just another car show or a winery trip or lunch cruise or another event -- even our Winter cruise cruises etc. -- where you would be tempted to say "been there and done that" or if you simply join for the cars and nothing else, I encourage you to find out what the number one benefit of this club is ... The Members. If it sounds corny, it's okay. The nice part about the club is that everyone's car is gorgeous, and everyone makes of it what they want. I simply encourage you to explore the limits not just of your car but how far the handshakes and smiles of members can add to the journey.

NATIONAL CORVETTE MUSEUM

By: NCM Ambassador Dick Hammaker

The Northern Virginia Corvette Club is now a proud sponsor of the National Corvette Museum's Fund-a-Field Trip Program. I learned about this worthwhile program at the last NCM's Ambassadors Conference.

The NCM offers many opportunities for schools, in the Bowling Green area, that would like an educational field trip to the Museum. These schools including elementary, junior/senior high schools, and career technical centers. NCM specifically target these school that are under-resourced and would benefit the most from the "Fund-a-Field Trip" program. NCM's goal is to bring the enjoyment and educational aspects of field trip experiences to students who may not otherwise get to participate. NVCC's sponsorship will provide a field trip for not one, but two classrooms.

NVCC will be notified of the school or program that we sponsored, and, when possible, will receive a photo of the students that benefited from the sponsorship.

DID YOU KNOW?

Travel info from Bob Devery — Top 100 rep

Richard Branson and Virgin have introduced a new cruise line concept? No one under the age of 18 will be on the ship and it will push the all-inclusive option a bit further.

Customs is switching over to facial recognition instead of mobile passport app at major airports and select cruise ports. Regardless, you should have a known traveler ID of some type to expedite your TSA checkpoint and Customs adventures!

Royal Caribbean will introduce the largest cruise ship next year that will exceed 230,000 tons! Their "neighborhood concept" including Central Park and Boardwalk on the ships has gained incredible momentum with cruisers.

Norwegian BLISS has a go kart track on the top of the ship!

Gratuities charged on the ship are not mandatory to pay? Virtually every cruise line has raised or will be raising gratuity fees to offset the cost of paying ship personnel. You do have options in this area.

New land tour packages are being introduced for everything from winery tours in France to exploring Antarctica. **AND ... DID YOU KNOW** that when you book travel with me, I not only make sure that you have the best travel package and price but I make a donation to the club? **EVEN IF YOU HAVE ALREADY BOOKED A CRUISE** or land package, it is possible for me to get a few dollars back for you on that exact package without changing anything including your cabin or the tour. Out of 4,700 travel agents with Expedia, I am one of the top 100. I handle everything from ocean & river cruises; standard land tours with every major supplier on every continent ; safaris or Holy Land; marching with the penguins; Disney or rail tours in the US and Canada. One person or groups of 1,000 ... we do it all... \$7.7 million in biz last year for my local office ... **NOTHING** that I can't handle using my own experience; my clients or corporate/suppliers help so test me! IF I'm right, you get exactly what you want at lowest price **AND** the club gets cash.

The Spartans are Coming

Ocean City has informed us that a Spartan Sprint race will be taking place at the Inlet at the same time as our Corvette Weekend event - October 4-5.

Ocean City estimates the weekend will conceivably be bringing in several thousand additional people to town competing for hotel rooms. In light of this, we are urging our participants to consider making hotel reservations for this year's event sooner rather than later in order to guarantee you have lodging secured at your favorite location.
