### FT. BELVOIR AND THE MUSEUM OF THE U.S. ARMY

By: Bob Devery

The Museum of the US army at Fort Belvoir is in full operation! Carol and I had visited the museum earlier this summer on a reconnaissance run. Like its counterpart for the marines at Quantico, the museum and its operation are first class. Our group of two dozen people was met by our docents. Both of them were career Army, specializing first in infantry and then in special operations as Green Berets and Rangers. Our introduction was done in the center entrance area of the museum.

There are two impressive parts of this area. The first is the back wall as well as the ceiling which has row after row after row of campaign ribbons which represent all of the areas in which Army personnel have been deployed during its history.

The "Campaign Wall" wall was a great backdrop for a picture with Army veterans Jim Dobish, Scott Hurley, and Harry Malone (from ODCC). All served our country in combat areas -- and some areas that went beyond them. HAND SALUTE to you.

Then, there is the area with the monoliths with engravings and a brief background on various soldiers. The idea behind the monoliths here is to emphasize what each soldier: a man, woman, 18-50+, all ethnic backgrounds ... means to the Army family as a whole. It is well worth taking the time to read each one. There are even some which are electronic displays on the monolith which allows a few different soldiers to be displayed on the same one. There is a fantastic introduction movie that lasts approximately 15 minutes. If you go, take the time to do the one that has the full visual and sound effects. You will not regret it.

The docents broke us into two groups which was a great idea to avoid a lot of other Museum visitors. One took us from the start of the United States Army in 1775 up to the present day. There were artifacts from every era and during that time frame which was absolutely incredible. Thankfully, our docents were in no hurry to get rid of us! They took time to answer questions and make sure that we saw not only the displays they had commentary based on their experience as well as their intense knowledge of the entire museum. We had plenty of free time to go back to what we wanted to see again as well as some areas where we had not been. One of these areas was a section devoted to those who were awarded the Medal of Honor, our nation's highest military honor for those who went far beyond the call of duty. In too many cases, they gave their lives for fellow soldiers. If you can read the accounts of these heroes without emotion ... well, you can't. Soldiers who KNEW that their next action would be their last moments on earth, but they did it for their brothers/sisters in harm's way. EVERY child ... EVERY adult ... should know their stories because it is the actions of these magnificent heroes as well as every Soldier, Marine, Sailor and Airman who have given us the freedoms too often taken for granted.

When you do have an opportunity to go to the museum, make sure that you ask when the standard group docent tour is going to happen as it will take you 45 minutes to one hour to give you a good overview of the museum. Fortunately, we ended up with at least 1 1/2 hours. If you have the rest of the day, it will be a wonderful experience. Our tour ended at approximately 1 PM. At that time, we left the museum and headed over for lunch at the Yard House at Springfield Mall. If you are a fan or connoisseur of beer, they have an amazing wall of beer taps to test out!

As always, the camaraderie of the group made the experience even better. The Army museum will have a Bob Hope display set-up in September which should be fantastic has he truly understood what the troops were giving up by being in combat zones. I look forward to visiting again at that time. The museum is free and fantastic so take the time when you have it. You will not be disappointed.

**WILLING WARRIORS—VETTES FOR VETS CAR SHOW**  
**Jim McKay**

It was a beautiful sunny day at Willing Warriors Vettes For Vets car show. Randy was the early bird, and we left Walmart to arrive early at the venue. We improvised and saved spaces for the other four club member Vettes so we could park as a group. There were many beautiful cars there, including non Corvette classics.

The camaraderie was wonderful and it was for a great cause. Thanks to all who came out, including Randy Taylor, Dave Best, Rich and Rita Mars, John Provost and spectators Evelyn and Sasha!

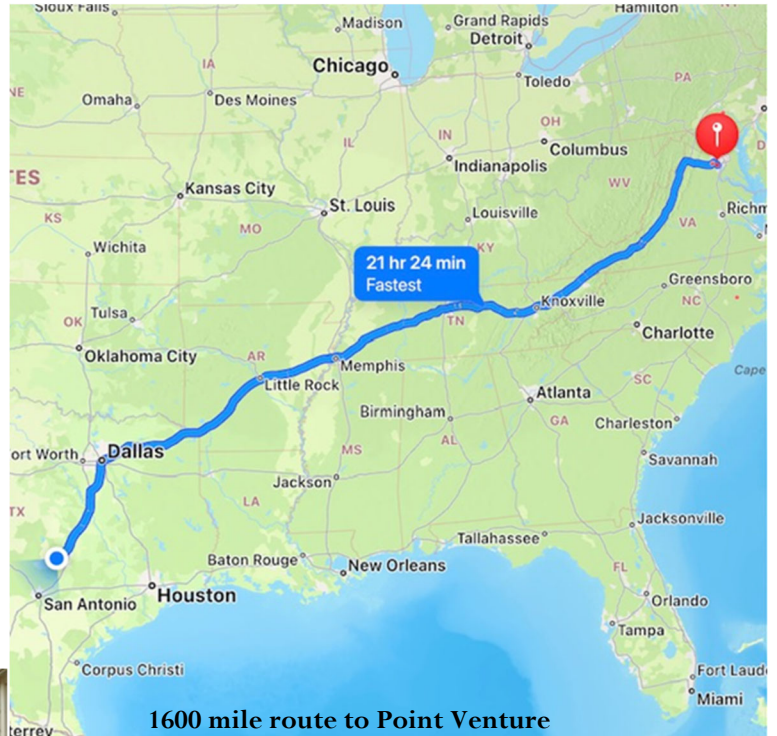

"For our anniversary, you bought me chocolate, and yourself a Corvette. And you don't see the problem here?"

# MIKE AND DICK'S MOST EXCELLENT ADVENTURE

Dick Hammaker  
Mike Gilliland

Mike Gilliland, EL Jefe #37, and a member of NVCC's elite three term President's Club, has been planning to move to Point Venture, TX, (in Hill Country west of Austin) to be closer to his family and especially his granddaughter Lily for several years. This plan was set in motion on July 27th and ended with an almost three-day Corvette Road Trip.

The U-Haul Loading Crew

Road trips can have many elements...alcohol, wild parties, tattoos, and most of all, a kool car. By many standards, our trip was a failure because we only had a very kool car, Mike's 2010 Arctic White Corvette named Blanche.

The adventure from Mike's house in Springfield started about 4:00p on Saturday afternoon. It was decided by Denise, Joanna, and Candace, that I'd share driving responsibilities with Mike. Yes, I can drive a stick with the best of them and Jay (Mike's son-in-law) would drive the U-Haul truck. Think of Blanche as the advanced scout.

The adventure begins....

The weather was beautiful with light traffic on I-66 and I-81, so we made great time. Cracker Barrel was our dinner pit stop and driver change. I wondered why Blanche wouldn't start, then remembered I had to push in the clutch! We arrived at the Wytheville Holiday Inn Express at 9:00p.

Beautiful view on I-81

Sunday morning breakfast was at 6:30 a.m. and we hit the road, Jay did a good job of staying within an hour behind Blanche even though there was no turbo charger in that U-Haul! All through Tennessee we battled monsoon conditions and Blanche handled it like a champ. The rain finally stopped after our first BBQ dinner near Memphis, so it was clear sailing to the Forrest City (AR) Holiday Inn Express.

Jay caught up and joined us for dinner in Memphis then took a catnap in the Forrest City hotel before getting back on the road, driving all night to Mike's new house in Point Venture, TX.

Blanche at Mike's new home

I took the first turn driving to Texarkana, AR, stopped for gas, and changed drivers. As far as I'm concerned Mike had the hardest driving section of the whole 22-hour trip: through traffic and construction in the Dallas area. It took two sets of eyes and two iPhones (one on MAPS, one on WAZE) to navigate the craziness. Totally exhausted, we stopped in Waco, TX, for tacos and gas. I took the reins for the final leg into Point Venture. Arriving about 4:00p, we were amazed to find Jay had singlehanded

completely emptied the U-Haul into the garage. Jay is a superstar in my book!

Our first Honky Tonk

Mike took Jay home and I chilled at the house. When Mike returned, we started our Texas Hill Country adventure, discovering the Lucky Rabbit, our first Texas honky-tonk with live music and great burgers!

Live western music at the Lucky Rabbit

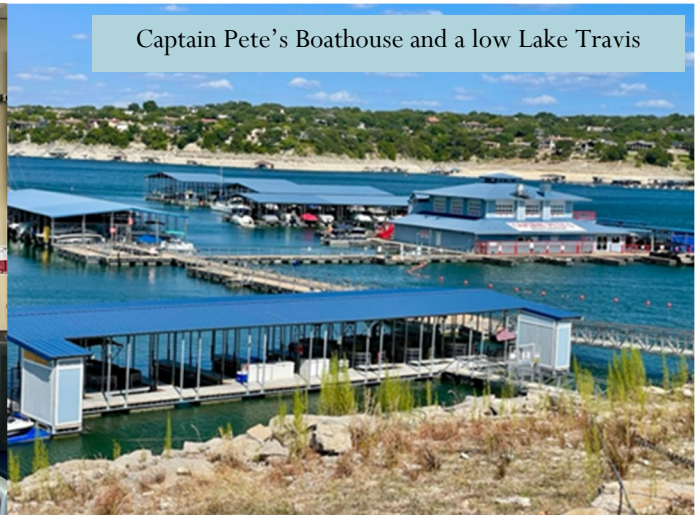

After a great night's sleep, coffee on the porch, breakfast at J&J's, it was time to return the U-Haul. BTW - J&J is where the locals go for amazing breakfast tacos, should be called "open-faced burritos" there was so much meat! Word to the wise....Never trust WAZE in a strange area. WAZE took us on a scenic tour of downtown Austin, traffic and all. I'm sure folks thought it was funny the white corvette couldn't pass the U-Haul!

Morning coffee on the porch

J&J dining room

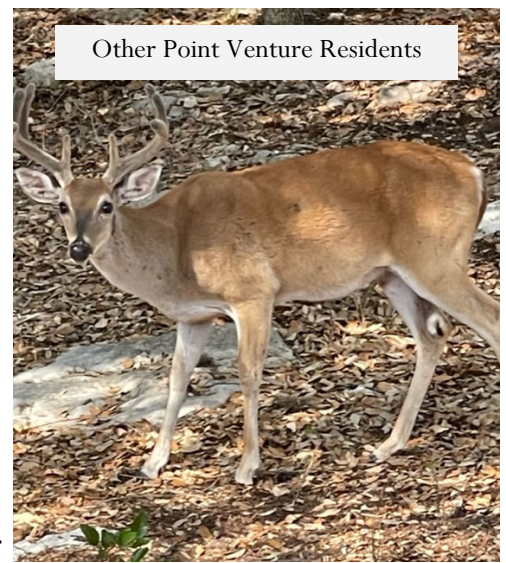

Captain Pete's Boathouse and a low Lake Travis

Point Venture is in Texas Hill Country on the shore of Lake Travis. It seems the biggest share of the population is deer, lots and lots of deer!!! The nearest town is Lago Vista, about 7 miles and 12 minutes away on some amazing Corvette roads; twists, curves, elevation changes. It's like taking George's West Virginia roads and compressing them into 7 miles!

After an early breakfast on Tuesday, we decided to try Captain Pete's Boathouse on Lake Travis for dinner. The fried catfish was just OK but the hike down the hill and back up in 103 degrees temperature about killed us both!!

Wednesday was unpacking and finding places for some kitchen items, and off to the County Line BBQ for lunch. We each had the Texas-sized Five Meat BBQ plate....Brisket, Beef Ribs, Pork Ribs, Sausage, and Peppered Turkey with slaw and potato salad. Yes we had leftovers for supper!

Other Point Venture Residents

The County Line BBQ...one of the best

Now it was finally time for me to head home to Burke. I was having too much fun but needed to get back. After a humongous brisket taco (eat it with a fork until able to pick it up) we were off to the Austin Airport for my return flight.

You really discover a person's character in five days of togetherness. Mike has had an amazing career in the Government and a work ethic we could only hope to emulate. We have so much in common...similar work experiences and like philosophies. This was a road trip of a lifetime!!

County Line's Five Meat BBQ

Once again, Northern Virginia Corvette club members visited a Fairfax County Police station. It's amazing the way time goes by as this is the fifth year that we have made this event happen.

The event almost did not happen as the concern was the estimated temperature of ... 100° ... on the day of our visit! However, gratefully, many of the members decided that the visit was worth a little bit of sweating. So, we continued with the plan to go to the FCPD Reston district office just off Fairfax County Parkway. I have to admit that my concern was that we would have only a half dozen cars. It wouldn't matter to the police because they still would've been delighted to have people arrive. But, we've always had a good turnout which is why I was worried about the weather. Well, scratch that worry off the list. We had 15 cars arrive at the new Outback restaurant in Herndon. Our group had grown to 25 people! The staff was a bit overwhelmed as I had mentioned a group of 18 and possibly 20 people but they ended up doing a wonderful job to get us fed and out of the restaurant in time for our scheduled arrival at

the police station. Members made sure that we were able to bring a very nice lunch from Outback to the station.

Because of another event going on at the government building in which the police are headquartered in Reston, we ended up having to park as best as we could including in spots for electric vehicles and the Fairfax County district supervisor! It was an impressive turnout as we added a 16th vehicle when one of the ODCC members joined us at the station. As always, the officers were incredibly appreciative of the effort especially in today's political climate. Our goal is to simply let them know that the absolute overwhelming majority of people in the community appreciate what they do and their willingness to put themselves in the line of fire to protect the community. My family has had members of NYPD as far back as 1900! Currently, one of the family cousins is on duty so I know the stories of what these men and women are experiencing. It's why the officers truly are amazed when we show up with the number of cars that we do ... and they don't have to issue any tickets!

**Thanks to all of you who took the time on a sweltering July afternoon to come out and let the officers know that they are truly the good guys!**

**9/7/22 .... A Night at the Races ... ONE HORSEPOWER!!**

Join us as we head to Charlestown, WV, for an overnight stay at the Inn at Charles Town, Home of the Hollywood Casino. Meet up point TBD for the drive to the hotel, or just go "solo" and meet up for dinner followed by horse racing that starts @ 7PM..Followed by all us becoming MILLIONAIRES\$ with amazing casino profits!

Hotel will be a "cancel until 9/5" with NO PAYMENT due until stay is completed.

# NVCC DIY DAY AT

They say good things come to those who wait, and as this was two and a half years in the making, it was definitely worth the wait! Matt Curry at Craftsman auto care approached me a few years ago to do a DIY garage day but as it was a bit late to coordinate in 2019 we decided to wait until 2020. Well as we all know, that was a mistake. Fast forward to earlier this year and we were again approached by Asha Boone for another attempt, this time at their new location in Sterling. We had 7 people working on their cars and I had my doubts we were going to be able to fit them in but the guys and girls at Craftsman auto were gracious enough to clear out all the cars to give us access to all 8 bays!

We had a wide variety of work being done: Kris McCandless getting a radiator flush, Bob Fox checking the DCT fluid level on his C8, John Stark changing his diff fluid on his C6 (even though he should have been preparing his C5 for the track), Brad Sneade replac-

ing the carpet on his midyear, George Durk changing his front marker light, me replacing my sway bar endlinks, and Steve Titus replacing his driver side axle and passenger side lowering bolt. With the assistance of Micah and Andrew

from Craftsman auto, as well as Ruth Baumert and Paul

Franklin we were able to get pretty much everything we wanted done. Kris solved his overheating issue. Bob was able to overfill, er I mean add just the right amount of fluid with no mess at all \*cough\*. John got his diff fluid replaced.

George replaced his marker light and thanks to someone with smaller hands didn't have to take his front end apart. Brad started replacing his carpet but like on all older cars once you start doing that you realize the number of other things you should do before putting new carpet back in so at least he got the old carpet out.

I was able to replace my sway bar endlinks even though it took me the entire time we were there. And Steve won the productivity award by taking half his suspension apart to get the axle and the lowering bolt re-

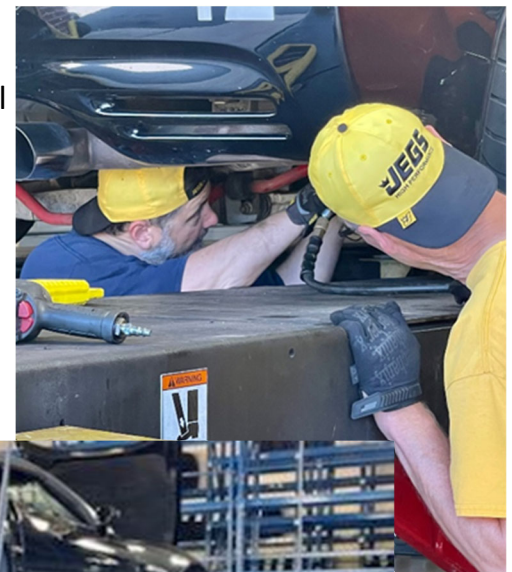

placed. He did find that he had a small leak in the CV boot on the passenger side so now he has something to do during the next DIY day!

Again, thanks for Craftsman auto, and especially Asha, Andrew, and Micah for spending their Sunday helping us with our cars and making sure we didn't break anything else. Also, thanks to Dick Hammaker and George for all the pictures as well as Bill Lane for wanting to learn and assisting where he could. Can't wait for the next one!

### Lunch / Cruise to Gettysburg

It's that time of year when the open road calls and a perfectly good reason to fire up that two-seater and head out on scenic Route No. 15 to the famous Dobbin House Restaurant in historic Gettysburg. After lunch the choices are many, from a self-driving tour of the Civil War Battle fields, to a stroll of the downtown area where you can shop at many of the specialty stores. Indoor and outdoor seating is available. Due to capacity restrictions we are limited to the number of guests who can attend, so please RSVP to include your cell number as soon as possible. Again, seating is limited.

### Key dates

8/31: Online Apparel Sales close  
 9/24: Online Registration close  
 10/14-15: Corvette Weekend

Come join us and celebrate our 35th Corvette Weekend in Ocean City!

Corvette Weekend On-Line [Registration](#) is winding down.

**Fun Shows and Rallyes are filling up fast!**

Due to your overwhelming support for this event, we have limited spots left in both the Fun Show and Rallyes with only 6 weeks left before on-line registration closes. If you're planning on participating in either (OR BOTH), we suggest you register soon.

### On-line Apparel Sales Closing Soon

On-line Apparel sales close August 31st. If you're planning on picking up Corvette Weekend apparel, order on-line and pick it up in Ocean City. Don't take a chance what you're looking for will be available at Ocean City. Apparel ordered on-line will be available when you pick up your registration packet Friday morning. On Saturday, the Apparel tent will be set up in the inlet for pre-purchased apparel as well as on-site sales.

### Saturday Morning Logistics

Now that OC has finalized their SunFest plans, the Corvette Weekend Planning committee met to lay out the inlet for Saturday morning's activities. Click [here](#) for our current Corvette Weekend Inlet map.

If you're coming to the inlet Saturday morning to pick up your registration packet, we'll have volunteers at the intersection of S. 1st Ave and S. Baltimore Ave. If you are NOT participating in either the Fun Show or Rallye, you'll then be directed onto S Baltimore Ave away from the inlet.

**Only Fun Show and Rallye participants will be allowed to drive into the Inlet on Saturday Morning. No public parking is available.**

Teching and Fun Show classification verification will take place in the parking spaces to the right of the 4 lanes of traffic on 2nd Ave at the inlet. Drivers will then proceed to the Rallye staging area and the Fun Show tent to pick up their Fun Show packet. Corvette Weekend volunteers will be on hand to direct traffic and assist participants.

### Fun Stats for Corvette Weekend 2022

## Autocross Opportunity Corvette Club of America

---

The Corvette Club of America (CCA) is hosting an Autocross event on Sunday, October 30, 2022, 8:00am

The event is categorized as a "Low-Speed" Autocross event. The fee: \$45 for CCA members or \$55 for non-CCA members. Where? Prince George's Stadium, 4101 Crain Hwy, Bowie, MD 20716. Registration is open. Details can be found at the following link <https://www.vette-club.org/events/430/>

Please let me know if you plan to attend by sending me an email at [ryevoli@gmail.com](mailto:ryevoli@gmail.com)

Event attendance is voluntary and at your own risk. Individuals are responsible to maintain their own social distancing and if you are sick, do not attend. Hand sanitizer will be available to members after contact activities such as signing of the waiver

Sunday July 31<sup>st</sup>, my son, Jake, and I attended the 29<sup>th</sup> annual Vettes at the Beach in Sylvan Beach, NY. As a participant, for a \$25 registration fee, I received a lightweight backpack, an aluminum bottle, & a golf towel— with the Corvette logo on everything. There were vendors, food booths, and people selling their crafts. The Vettes were parked in a park right by Oneida Lake, so there was a nice breeze coming off the water & plenty of trees to eat a picnic in the shade. On the opposite side of the park, there is an amusement park & a good number of restaurants.

This event is sponsored by the Syracuse Corvette club. According to their official count, there were 437 corvettes at the show.

## Countdown to Winter “Cruise Cruise” 2023

By: Bob Devery

As I write this article , it's only 7 months until we sail on NCL JOY. The ship is one of the newer Norwegian offerings with great entertainment and many new changes including the go kart track! Since I will have more updates as reminders, I'll keep this part brief. As I'll mention in the next email update, NCL CEO has stated along with other travel suppliers that prices will be rising ... not dropping ... due to demand as well as inflation. The group prices that we have will not be available to the general public...

Carol and I are excited to be sailing with club members again as we already have a half dozen members booked and more asking questions.

This cruise has four very nice port calls as well as three “sea days”. We stop in Cozumel, Costa Maya, Roatan and the Norwegian private island, Harvest Cay.

I know that a lot of people in the club have been on a Caribbean cruise. Sometimes, the concern is that “I’ve been to the Caribbean once or more and been to one or more of the port calls”. I get it which is why I’m adding the European cruise for late summer 2023. But my standard joke is that I’ve been to some of the ports 10 times but, during the winter when the temperature is 85° at that port and I can be at the beach or be in Fairfax which I’ve seen for 40 years and where it’s 26° ... I’m taking the Caribbean!

Below is an example of why the Caribbean gets my attention versus Fairfax... Cozumel at the Iberostar resort where we had an all-inclusive day as well as a Costa Maya beach. Need more info? Check the flyer and use the links in it or my emails on the cruise. Hope you'll join us ... Bob

Costa Maya. Same old boring Caribbean ... not!!

Yes ... it's an old Mercedes ON THE SHIP Promenade deck!! Carol did not get me to buy it

## Chip's Choice Hosts Pratt & Miller/Factory Racers

Meet Former Corvette Racing Crew Chief Dan Binks Too

It may be a few months until **Corvettes at Carlisle** celebrates 40 years with you at the Carlisle PA Fairgrounds, but we promise...**August 25-27** will be here before you know it! If you haven't registered for the Fun Field yet, do it! You can even **save 10% if you register by July 11**. We expect a stellar turnout and are looking forward to welcoming back our Canadian enthusiasts! There are lots of great displays planned, including our annual Chip's Choice showcase within Building T.

For 2022, we're excited to share that the theme spotlights **Pratt & Miller Factory Racing Corvettes**. Nearly a dozen are slated to appear and when they do, it'll be the first time many of them have ever been together in the same place. As an added bonus, Corvettes at Carlisle welcomes **retired Corvette Racing Crew Chief, Dan Binks**. Binks will be reunited with cars that were anchors to some of his greatest success as Crew Chief. Meet him, see the cars and enjoy Corvettes at Carlisle in just over four months!

Subject: Free C-6, C-7 and C-8 Exhaust Systems

June 2, 2022

I have again made contact regarding having free exhaust systems (CAT back) installed on C-6, C-7 and C-8 Corvettes at Corvettes at Carlisle. At this time, I do not have complete details, but have been told there will be between eight and ten systems installed.

The deal is simple: You would need to take your Corvette to Corvettes at Carlisle on Wednesday, August 24, 2022 after lunch to have the system installed. Then on Thursday, Friday, and Saturday you would need to have the vehicle at Carlisle from 8:30 AM until 5:00 PM. You can either drive back and forth each day, or just leave it at Carlisle, which would be my recommendation as it will be parked under a large tent. Your vehicle will not be driven but will be started so prospective customers can hear the exhaust sound. I was told that systems to be installed will be from Billy Boat, Borla, Corsa, and Magnaflow and possibility one other manufacturer.

I will not have complete details until early August on the model mix, number of vehicles, or the number of systems from each manufacturer.

Whoever gets a system will be on a first come, first served basis. If you are interested, let me know ASAP. **I must know: Year, Coupe or Convertible, Base, Grand Sport, Z-06 or ZR-1, Manual or Automatic.** This is a great deal as you will be receiving an exhaust system installed that will have a value in excess of \$1,500.00 at no cost to you.

If you have any questions, or to put your name on the list, send your home and cell numbers plus your e-mail address to me at [mooneyvette1966@aol.com](mailto:mooneyvette1966@aol.com) or just give me a call at 717-371-8964.

## THE PRESIDENT'S CORNER—AUGUST 2022

Thank you for your feedback on our ongoing hybrid GBM Zoom meetings. The club invested in a Bluetooth conference room mic/speaker that should solve and improve the audio quality. Plus, we will experiment with the seating arrangement and have participants face the screen. Hopefully, that will improve the overall user experience for those participating online.

However, we will have to wait until the September GBM to determine that as our first-of-its-kind outdoor August Cruise-In GBM will be taking place this month. Weather permitting, we will set up the tents at Pohanka, break out the PA system and order an assortment of Anita's famous breakfast burritos. Since Anita's is next door to Pohanka, this was bound to happen! If members like this type of venue, we can certainly have cruise-in GBMs a few times a year. Also, a BIG thank you to Paul and Carol Caporossi for arranging this with Anita's and Pohanka.

Just as in our prior meeting location, we have received feedback about Chantilly being inconvenient for many members living closer to the DC/Annandale area. So, we are looking into having quarterly GBMs at the Fairfax American Legion. Stay tuned . . . they have Zoom capability too.

Keep that feedback and those new ideas coming in! Speaking of new ideas, Pohanka Chevrolet proposed quite a doozie – an outdoor movie night. Yes, on October 22 the parking lot at Pohanka will be cleared for an American Graffiti movie night with trivia and prizes, popcorn, and ice cream treats. The planning is in the works!

As of this writing, our Carlisle weekend is right around the corner. Based on the last several years, this has turned into our largest membership recruiting event. And all we need to do is have a tent with a stack of membership applications and brochures! I would like to encourage all members to carry a few NVCC business cards with them. Think of all the times you see a Corvette in a parking lot – sometimes with the owner, and wish you had a business card to hand him or her. We will have the card supply at Carlisle, GBMs and other events.

Thanks to our AutoX/HPDE Chair, Rob Yevoli, and Chief Instructor, Andrej Balanc, we've had more HPDE (high performance driving events) opportunities this year. From past experience, these are quite expensive for the Club to individually sponsor. So, the next best thing is to participate, as a Club, in events being held in our geographic area. One such event is the upcoming Dominion Raceway Track Cross on September 11. There's also an upcoming AutoX on October 30, sponsored by the Corvette Club of America (CCA) in Bowie, MD. I attended the last one in June and had a blast! CCA has been sponsoring AutoX for decades and are the experts. I encourage the adrenaline seekers to try one out.

Lots of other September happenings right around the corner. Our annual picnic at Rich Anderson's farm in West Virginia is back, the Flying Circus outing returns, Corvettes and Tacos, and what's fast becoming a rite-of-Autumn tradition, our Seafood Rallye. Word has it that Kris McCandless and Dick Hammaker are outdoing themselves on the Rallye course this year! Enjoy those miles of smiles!

**IMPORTANT:**

**Please Note:** In order to become a full voting member of NVCC, our by-laws require Prospective Members to attend a General Business Meeting (GBM) and one club event within four months of submitting your application and application fee. Monthly GBMs are currently in person at Pohanka and via Zoom. If a Prospective Member has not attended an event, due to COVID-19 concerns, two GBMs will fulfill the event membership requirement. Also, if your schedule does not permit you to attend a GBM, attending two club events will fulfill the GBM membership requirement.

If you are a Prospective Member, have fulfilled your membership requirements, but have not received an invitation to join as a full member, please send me an email stating the GBM date and/or club event date that you attended. [membership@nvcorvetteclub.com](mailto:membership@nvcorvetteclub.com)

## NEW RIDES%

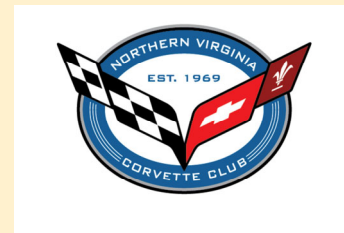

Do you have a new or "new to you" Corvette? Did you say good-bye to another Corvette to make room for the new one? Send me an email with any updates to your collection so I can keep the Club's database current. Send a picture of the new addition for the newsletter! Also, please send any address, phone, or email changes to me so I can keep your profile record current. [membership@nvcorvetteclub.com](mailto:membership@nvcorvetteclub.com)

## FROM THE NATIONAL CORVETTE MUSEUM

If you are planning on attending the [National Corvette Museum](#) anytime in the next few months, you'll want to take note of their new "seasonally adjusted" operating hours that are now in effect.

The new hours of operation for the Corvette Museum will be:

**March 2 – October 31**

Monday through Sunday 9 am – 5 pm CT

The Corvette Store will have the same hours as the Museum.

**DATES AND TIMES SUBJECT TO CHANGE**

# NVCC GENERAL BUSINESS MEETING MINUTES

JULY 26, 2022—BY: KRIS MCCANDLESS, SECRETARY

Call to Order at 7:30 pm using Hybrid Zoom and In-Person at Pohanka Chevrolet

Officers Present: George D, Jim M, Kris M, Evelyn M, Yas K

Council members present: Joanna M, Andrej B, Doreen K, Dick H, Marsha B, Lauri S, Paul B, Bob S

Prospective Members Present: Paul Varela with a Red 2004; Kelly Childress 2021 Red Mist C8

## OFFICER REPORTS

**President** – George Durk – Thanking Bob D., et. al., for Horizon Day Camp and Police Appreciation events.

-Feedback about how the General Business Meetings are run: if in audience at Pohanka and wants to speak to the group, face the zoom camera, officers speak up for the zoom attendees.

**Vice President** – Jim McKay – Successful Carlisle committee meeting, another committee meeting coming up end of July/early August, depending on his travel plans. Two tents, a box of flyers from Paul, insurance waiver forms. Jim updated us on the status of his replacement Corvette.

Since discussing Carlisle, we gave the floor to Jane Stieber to discuss hotel accommodations. A block of rooms is being held for us at the Fairfield Inn in Mechanicsburg, PA (Friday night the Club participants are using 25 rooms); if we need more rooms Thurs or Saturday nights, for **new members**, you have until August 5 to reserve these (please mention the room block for NVCC). Jane has arranged for dinner Friday night at a diner close to the hotel; hotel has a meeting space for Thursday and Friday nights for the club's own get together.

**Treasurer** – Evelyn McKay – Not much going on, quiet; balances remain steady, \$14,977.

**Secretary** – Kris McCandless: George Durk asked for a motion to accept the June GBM minutes. The motion was approved unanimously. RE: the Picnic, Charles Cipriotti and Dick Hammaker will help with setup on Friday pm. KM to send out Eventbrite link so everyone can sign up for the picnic and/or the cruise up there.

**Officer at Large** – Yas Kinashi – Corvettes & Tacos this Saturday July 30, Kona Ice vendor; Property manager decided not to have Corvettes and Tacos in August due to Carlisle.

**NCCC Governor** – Andrej Balanc – Everything good, processed four new members, 143 registered members, anyone that joins in September gets free NCCC membership for 2023.

A VOTE TO ACCEPT THESE MINUTES WILL BE TAKEN AT THE AUGUST 23, 2022 GBM

## STANDING COMMITTEE REPORTS & OPEN DISCUSSION

**Membership** – Joanna McCandless – 161 members, 17 prospective members; this GBM completes membership requirements for two members, to be voted on in coming days.

**Newsletter** – Marsha Batchellor – Thanking contributors; Next deadline is August 16.

**Social Media** – Lauri S – Was tasked with pricing out meatballs by Yas and Doreen (club logo on oval-shaped sticker). She is still getting prices but presented two different types: a permanent stick-on vs static cling. Some confusion ensued with the sizes of the meatball of the past few years but was settled on 12” wide by 8” tall when Vicki Hulick measured it on the zoom call.

**Social Chair:** Doreen Kinashi – Room on the calendar August & October; need to have covid disclaimer, club logo, NCCC logo on all flyers; Doreen can send you what you need.

**NCM Ambassador** – Dick Hammaker – Museum is having a new MiM – October 6-9, not a driving event, West Wong is leading this trip to NYC, insights at ground zero, food tour, museum tour. If interested, go to the NCM website.

**Head Tech** – Paul Benish – August 7 is DIY Day at Craftsman Auto in Sterling (Potomac View Drive, formerly Curry’s Automotive – Paul knew that owner). They’ll have donuts and coffee for breakfast provided by the shop, and pizza by the club for lunch. Seven people signed up, if we have a variety of Generations, Paul will do a show and tell of various things from the underside (need to bring tip money). Bring our own fluids or let them know to have them on hand. 9 am to 2 pm.

-Vienna Halloween Parade – don’t send anything yet, officially we are not accepted as a club yet. Limited to 20 cars.

-Windshield Banners – he just found them after two years – these are permanent, if interested ask council if you’d like one – free.

### Open Discussion

-Questions regarding where to park at Carlisle; if paid in advance for the funfield, you can park near the club tent.

-New Member Ruth Baumert with her White 1988 convertible came tonight w/a broken light switch, so taking advantage of Pohanka staying open late, she left the car w/him. Rob Succolosky asked me to remind everyone of what I did recently and that was to have my oil changed in The Bear DURING the GBM. No appt needed, even for your corvette oil change. Do consider this very convenient service.

-Denise Knox mentioned that since the Doug Wilson Memorial Charity Breakfast and Ride was so successful, she and Andy Guzman will set up a similar Memorial Cruise next year (possibly on July 17, 2023) involving the Fairfax American Legion Post, Winchester FOP (do a fundraiser for fallen police officers to raise money for scholarship for their kids) and end at the Winchester AL post.

-Ruth Baumert – sign up sheets for tasks (manning the tent, getting ice, water, etc.) at Carlisle will be done onsite.

GBM adjourned at 8:55.
